Troubleshooting: If you did not Receive an Invitation Email

There could be several reasons you may not have received an email from PlayMetrics:

1. The email is in your spam folder.
2. The Club has the wrong or incorrect email address for you, or you provided the club a different email address than the one you are checking for the invite email.
3. You have not been added by the Club as a user. Please check with your Club Administrator to determine if this is the case.
4. You already have an account with PlayMetrics, in which case you should simply log in.

If you are still having trouble registering, please contact support@playmetrics.com and provide the following information:

- The name of your Club
- Your name
- Your player's name (if applicable)
- Email address you supplied to the Club
- The email App or Service you are using
- Description of your issue
- Phone number where we can reach you
